Ms. Fuller's Message

Dear Durbin Families,

I hope everyone is having a great week! I hope everyone is washing their hands getting a good nights rest to help us all stay healthy during this flu season. In today's Tuesday folder you will find a red paper with lots of great information about how we can all help prevent the spread of the flu.

Coming up this February is our DCE Boosterthon fun run, on February 15th. We know that many parents and grandparents like to come out and watch the students run and have fun with Boosterthon. This year we will be pre-registering all attendees to help ensure everyone can get out to the field in time. PLEASE, PLEASE, if you have not already submitted your application to be an approved volunteer please do so now! There is a link on our website. I don't want anyone to miss the opportunity to come and cheer on our Explorers!

Also, on February 12th, we will be participating with Creekside High School for their family "Knight." On this day there will be NO homework and all extra-curricular activities will be finished by 6pm. We want to encourage our families to take the night to be together and spend time doing something fun, rather than stressing about homework or tests.

Have a great week and hopefully we will see you at one of our Publix Math nights tonight or Thursday.

Angie Fuller

BUSINESS PARTNER SPOTLIGHT!

"Car Care with Integrity"

RPM Automotive is a locally owned and operated automotive repair group with 10 area locations to serve you. From oil changes to engine replacement, we do it all.

And did you know that our school gets a percentage back when you mention Durbin Creek Elementary at the time of service?

That's free money for our school!!

On January 9, 2018, the St. Johns County School District School Board conducted a public hearing to receive comment from the community related to the final list of recommendations for science instructional resources for this year's adoption. Committees composed of teachers, district content experts, parents and community members compiled the lists. Please visit <http://www.stjohns.k12.fl.us/media/about/textbooks/adoption/> to view the final recommendation selections.

Board action on the final adoption of science instructional materials is scheduled to take place at the School Board meeting on February 13, 2018. If you would like access to available printed materials or require assistance reviewing the online resources, please call the Instructional Resources and Media Services office at 904.547.3947. Materials are available for review from 8:00 AM – 4:30 PM when district offices are open.
