

Durbin Creek Elementary

Policy for: Service of Meals to Students without Lunch Money

- ✚ Students who do not have the required payment will be allowed to debit three (3) lunches, \$7.80. The charge will appear as a negative balance on their account. No chips, ice cream or anything from the ala carte line may be charged as a debit.
- ✚ Due to the large student body, attempts are first made by way of placing a stamp on the student, just above the wrist when they are getting low of money.
- ✚ Notices are not sent home until a negative balance of \$5.00 is on the student's lunch account.
- ✚ Use of the online [PayPams.com](https://paypams.com) system is recommended to alleviate any problems with students not turning in lunch money. This program gives you access to monitor what your child is purchasing and account balance. The website is: <https://paypams.com>
